Mr. Younes

Recruitment Coordinator

FyComputing

Rabat, Morocco

Dear Mr. Hicham,

I am delighted to submit my application for your Full stack internship position at FyComputing.

With a solid background in web development and programming languages such as Java, Python, and SQL, I believe I am an ideal candidate for this role.

Currently studying at the Enset Mohmmedia School of Engineering, I have gained extensive experience in using web development frameworks such as Angular, Flask, Spring Boot, and Node.js. Additionally, I have developed skills in utilizing business intelligence tools and data frameworks like Hadoop.

Moreover, I have acquired valuable experience collaborating with development teams on academic projects, which has allowed me to deepen my knowledge, learn how to distribute project tasks, and enhance social skills such as communication and conflict management.

I believe that my skills and experience make me a strong candidate for the Full stack developer position at FyComputing. I am enthusiastic about the opportunity to contribute my expertise to your team, help develop websites, and support the company's growth.

I would be grateful for the opportunity to interview with your company for the Full stack developer position. Please find my resume attached for your review. I can be reached via email at adhamkarmadi34@gmail.com or by phone at (+212) 742510251. I look forward to hearing from you soon.

Thank you for your time and consideration.

Sincerely,

Adham Karmadi
